Aspirations

Dedicated to...

Beth Waltermire

"Mrs. Waltermire is the sweetest lady I've ever met. She is always eager to help with a smile and is a wonderfully charasmatic addition to the Eastern Nazarene College community."
~ Nicole Fatchaline (08)

"She is sweeter than the fudge she makes! Beth Waltermire knows everybody's names, making us feel important. The way she smiles at students brightens our days."
~ Jeffrey Hamilton (07)

It is such a pleasure to be writing the dedication for Beth Waltermire. She is an incredible woman of God who has made a tremendous impact on my life.

As I look back on my years as a student, I have so many great images and memories of talks with Mrs. Waltermire. I first met her my sophomore year when I started working on campus. Checks used to have to be picked up in her office, and I always looked forward to those times. She learned my name quickly, and we would have little chats each time I came to visit. My sophomore year was a very hard year, and she was so encouraging and compassionate. She asked questions and offered many kind words. Seeing her bright smile always made my days seem better. Over the next four years she would continue to grow in importance in my life.

After graduation I sent her a card and a picture of the Senior Class to say thanks for the impact she had on my life and the lives of my classmates. She hung the picture up, and it's still there today. I bet she can remember a good percentage of my classmates' names, even though it has been almost four years since we graduated! Now, I have the joy of seeing her as a colleague, and she is just as sweet and kind as I knew her to be when I was a student.

The Class of 2007

Dear Senior Class,

Can you believe that it is finally here? Graduation has come so quickly! I know that in the last four years as a class, there have been memories that will last a lifetime. Friendships have been made that will last forever, and ENC will hold a special place in all of our hearts. It seems life has been coming at us so quickly, and now we realize that we are going to be heading out into the real world. While this might seem scary to some people, to me it is exciting. I know that every single person from our class will make change in this world. The future is in our hands, and that is comforting to know. If this world has a hope, it is us. We will bring light to this world.

Many times we see graduation as a time to become scared or upset, but see our graduation as a benediction. We have received the information that we need to make change; we have thought about it, worked through it, and made logical conclusions on how we define success. On graduation day, we are being sent out to affect the world, to stand and account for the knowledge we have gained. As the graduating class of 2007, I know we are up to this task.

I thank you all for trusting me enough to serve as your president this year, and I also thank you all for providing me with the best two years of my life. I can't wait to hear all of the things this class will accomplish in the years to come.

In the words of Mahatma Gandhi – "Be the change you want to see in the world."

Jordan Vance

Convocation for the Class of 2007

A new dawn awakened with hearts full of dreams. Stories and faces with scars, yet unseen, questioned belonging but willing to try to value the distance and bridge the divide.

Because we believed, chains were broken and words were spoken that tore down the walls. Because we believed, eyes were opened and now we can see, because we believed.

The eyes of a stranger can make the heart bleed. They're begging for something beyond what they plead. So scared if we reached out we might feel their pain, but leaving them outside leaves no one else to blame.

So many days will change our plans, leaving us blinded where we stand. Just when we think we'll quit the game, we'll look in another's eyes and remember why we came.

It's because we believe that chains will be broken. And words will be spoken to tear down the walls. It's because we believe that eyes will be opened, and other will see, because we believe.

(Below) Senior Class Advisor Amy Carleton presents the chapel address.

(Left) Amy Dolinger, Maria Bardales, and Katherine Schuttaf stand during *My Jesus I Love Thee.*

Tennis

Tennis this year was great. We had a lot of fun, even though we didn't always win. I think I speak for everyone when I say that the food was definitely one of the best parts. My fingers are crossed for next year's outcome!

Cross Country

"This year it seemed that the weather was against us every time we stepped onto the race course, but we never backed down from it. The talent on the squad showed its toughness, and while our goals weren't met on the course, we realized that it's not just winning on a course that matters, but off of it too. The experiences and friendships formed bound us together as a team that overcame a lot and gained greater rewards in the end."

Women's Cross Country

This season was filled with weather conditions that would make a person want to go inside and hop back into bed. As runners, we took the bad and turned it into good by perservering and working hard.

We had a large team this year, with each new person bringing something strong and positive to the team.

From rising early on Saturday morning and running our hearts out in our races, till nightime when we scrubbed the mud and dirt off our sneakers, this season proved to be nothing but promising and successful overall.

Crusaders Finish Strong after Rough Start

This season forced us to be more flexible than we ever thought was possible. Many of us had to play in new positions, and because of injuries, we had a different lineup almost every week. At first, it seemed as though our circumstances had gotten the best of us with our measly 3-11 start. The girls worked hard, though, and pushed through to a strong 12-5 finish on the season. The flexibility and perseverance that the girls gained this season are definitely going to make us stronger in the upcoming years.

and Andrew Krause had the Crusaders looking strong, but once the season arrived, they were never quite able to put it all together. The Crusaders remained competitive throughout the season losing seven of their eighteen games by only a single goal. The Crusaders were able to pick up a big conference victory late in the season versus Nichols College. Giving ENC the lead in the first half was sophomore Ezekiel Gillie who found the back of the net in the thirty-first minute off an assist by Van Amburg. Sealing the victory in the eighty-first minute was Leonard who scored off a rebound from Krause's shot.

Women's Soccer

This year could be described as a difficult one for the Lady Crusader soccer team. What seemed to be a potentially promising year under first year head coach Evan Camperell turned out to be a season filled with adversity. With a roster that was already limited to fifteen players, the Crusaders saw two of their top athletes go down with serious injuries early in the season. Freshman goalkeeper Natasha Philbrick, who Camperell called an "upper-echelon goalkeeper in the league," reaggravated a knee injury in the team's second game and required season-ending surgery. Junior Nicole Fatchaline was also sidelined for the season by a severely sprained ankle. Prior to this injury, Fatchaline was the only Crusader who had scored a goal. Despite these devastating losses the team continued to play hard, never giving up in a situation many might have. Even while playing down a player in the majority of the game, with only ten players on the field, the ladies continued to fight. The Crusaders were able to take pride in the small accomplishments as they were able to score just the second goal of the season in a match against New England College. At the sixty-seventh minute mark in the second half, April Siano was able to convert an assist from junior Amanda Egolf to find the back of the net.

Men's Basketball

Crusaders Battle through Tough Season

There were high hopes for the men's basketball team coming into this season. The Crusaders were optimistic and eager to play under first year coach Jon Yeh, who is believed to be the first Chinese-American head men's basketball coach in the United States. Though expectations were high, the season didn't quite play out the way the Crusader men had planned. The team opened the season by losing their first 21 games, ten by only eight points or less. Yet even through these hard times they never stopped giving their all, and it finally paid off as the team earned their first victory by beating conference leader Roger Williams on the road 71-63.

Leading the charge for the Crusaders was sophomore Ricardo Jean-Noel, whose 23 points led all scorers, and junior captain Luc Jasmin's dominant inside performance, which netted him 17 points to go along with 10 rebounds. Junior Andrew Brown also contributed a career high 11 points to go along with his four assists. The Crusaders also managed to send their seniors out in style by beating the eventual conference champion Wentworth Leopards at home on Senior Night 87-76. Departing senior Chris Corey carried much of the scoring load for the team throughout the first half as he scored 15 of his 18 points in the opening period, while classmate Dave Duda cleaned up on the boards pulling down six rebounds and scoring 10 points in the game. In the second half Senior Ryan Seaberg led the way for the Crusaders scoring 17 of his game high 23 points to help seal the victory.

Women's Basketball

This year's women's basketball season was highlighted by one Crusader's outstanding individual accomplishments. Senior captain Rebecca Welch was selected to the All- Conference Second Team by the Commonwealth Coast Conference coaches, which makes four years in a row she has been given this honor. Welch's season statistics were among the best in the conference. Her 20.3 points and 8.2 rebounds per game ranked second and eighth in the conference respectfully, and her 4.0 assists was fifth best. After breaking the 1,000 point career scoring mark her junior year the possibility for Welch to become the school's all time scoring leader became very real. Welch did exactly that on February 3, during a home game against Colby Sawyer. Needing only nine points to surpass Jody Gardner ('01) for first place Welch netted a game high 20 points to take her place in the record books. Welch's individual achievements contributed to four wins for the season for the Lady Crusaders. Also leading the way was junior captain Christina Winchester, who averaged 9.1 points, 6.4 rebounds and two assists per game and a team best 77.8% free throw percentage, Sophomore Amanda Remmel also contributed 9.1 points and 4.1 rebounds while freshman Jess Schoppee went for 9.4 points and 5.6 rebounds per contest.

Men's Tennis

Even after the loss of last year's conference MVP and a couple of other players we still managed to hold onto the same conference record as the previous year. Injuries to a few of our players stopped us from going deeper into the play-offs, though. Despite the loss of two of our key players in seniors Keith Mcrell and Phil Lafountain, a four-year letter winner and team captain who went undefeated in doubles this year, we believe we have built a strong foundation for next year.

Women's Softball

This year we were hoping to make the playoffs, and we obviously did not reach our goal. We had a few setbacks and injuries early on in the season, but most of our losses were only by a few runs.

Next year we will be losing three seniors who are all very valuable in their own way. Co-captain Rebecca Welch, our starting third baseman will be leaving us. Not only was she a great defensive player but she was also an offensive threat, leading our team in both RBI's and hits. Jen Westcott, our starting center fielder and co-captain, made great plays defensively and also contributed offensively. Kelly Moser, our starting second baseman, was also solid defensively and helped in keeping the team's morale up. We will also be losing another key player, Brittany Bedillion, who was our starting left fielder. She was another great offensive threat and her speed on the bases was a detriment to our opponents. She's only a sophomore but she is transferring to Liberty to continue her education in nursing.

As far as next year goes, we are hoping to come back stronger and more experienced. With some changes and new recruits our team is going to continue to strive to reach our goal of maing the playoffs.

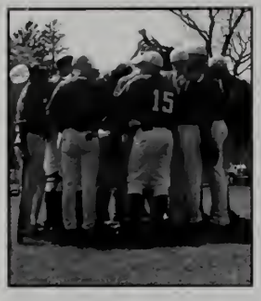
Men's Baseball



This season was a rollercoaster from beginning to end. After a good Florida trip (5-3), we were shut down four games in a row after returning to our conference schedule. Then, showing perseverance and an ability to bounce back that would become characteristic of both our season and our team, we rebounded and in the end had an 18-12 record for the season. We didn't go as far in the playoffs as we thought we should, which left a bitter taste in the mouths of our players. Many of our players had great indiviudual seasons including Brad Mountain, Justen Smith, and the Turner brothers. One phrase that would describe our program is hard work. In the classroom and on the field, this year's team showed dedication to not only each other, but the ENC community as well. Our whole team is looking forward to next year and having the opportunity to work hard and win some more ballgames for ENC.

Special Interests

Clubs and Organizations

When passionate students unite under a common vision, or aspiration, things happen. A new spice is added to the brew that is our campus life, reminding us that everybody has something to contribute for a zesty flavor.

The clubs and organizations at ENC represent the diversity of students' talents, interests – and aspirations. From politics to music to ministry, the clubs provide students with an outlet to express their passions.

This year, students formed new clubs including the Ski Club, Campus Crusade for Christ, and the Brigade. Several other clubs had set lofty goals involving new challenges and applied immense creativity to seeing their goals realized. It has been a year full of activity, leaving our campus, and perhaps our community, a better place because of it.

Tim Troxler (10), Jenny Pietra (10), Christina Ludwick (09), and Erin Crosby (08) attend a November Plunge meeting, which took place every Wednesday in Shrader Lecture Hall

The Executive SGA is elected by the student body to provide students with a means of being involved in campus life through clubs, intramurals, counsels and other various groups. They also act as a liason between the administration and students. This year's counsel added their own unique flavor to campus life by spicing up some of ENC's longest standing traditions. This included adding a Hawiain luau to Welcome Week that took place on the front lawn and holding this year's Homecoming Corronation at an elaborate banquet on Friday evening in the Commons. According to SGA President Emily Dunham (08), it looks as though the banquet will become a tradition. Also, one of ENC's favorite gatherings, Late Night, returned as The Plunge where students viewed a movie clip that coinsided with a spiritual discussion each Wednesday evening. This counsel has left a unique mark with its sensitivity and commitment to the desires of the student body and, as Emily says, aspires to continue to improve the quality of campus life.

General SGA

The General SGA is comprised of the Executive SGA members, the presidents of each student counsel, the chairpersons of the Accountability Review Board and the Publications Board, and finally, the editors of ENC's student publications. Twice each month, these leaders come together to discuss the quality of student life, the needs and desires of each class, and maintain accountability and unity amongst one another. Each class offered new, enjoyable opportunities to the student body to become active in campus life and to help support their class. The Junior class organized an elaborate Valentine's Day pasta dinner open to all students. The senior class also organized extensive service opportunites for students at Bethel Church of the Nazarene as well as on campus and established a scholarship fund as their class gift, a gift that will keep on giving. The creativity of the leaders of the General SGA as well as that of their cousels and staffs, have made a lasting impression on the rest of the student body and they hope to continue to inspire those they seek to serve.

Campus Camera

The Cam Cam provides the student body, alumni, faculty, staff and surrounding community with the latest ENC happenings, events and general news and information concerning life on campus. This past year, the staff encouraged students to use the Cam Cam to voice their conserns and desires for the future of the campus. With this, they reported on several of the most eye-catching changes that took place on campus, such as the newly renovated Dugout. They also conducted several follow-up interviews with various guest chapel speakers, including Bart Campolo and Lauren Winner, and featured several students' study abroad excursions. The sports teams also received an extensive amount of Cam Cam coverage as the seasons progressed, featuring several key players to ENC's performance. In the future, the staff would like to exercise better fact checking and editing as well as increase the paper's creative and professional quality. Next year's Creativie Director Jeff Seals (08), regarding professionalism and respectability, plans to take the paper above and beyond expecations.

CYPHER Literary Magezine

Cypher was born out of Ursula Lauriston's (09) desire for "students to have a place to display writing and photography talents." To ENC's collection of publications Ursula wanted to add something with flavor and with the help of Faith Musembi (08), Susan Ramey in the publications office and several others, Cypher emerged at the end of this year. Countless students and faculty have commented on it's professional quality and potential and are excited to see where it goes. The magazine covers short stories, poetry, essays, photography and "anything else that looks good in print," according to Ursula. She desires for Cypher to become ingrained in ENC's culture and to touch the surrounding community. She also mentioned her hope of it eventually becoming a credit and/or payment opportunity for students like other publications on campus. Regardless, Ursula is enjoying the enthusiasm Cypher has received so far and passionately expects great things for its future.

With "Aspirations" being the focus of this year's yearbook, the Nautilus staff figured that they would set some fairly lofty apsirations of their own: to produce a yearbook that exceeds expectations in thought, creativity, accuracy and integrity. The staff grew with the addition of Ryan Arnold (07) and Paul Haynes (07) who are to thank for numerous photographs, including the entire underclass and most of the faculty section. Under the leadership of its hardworking editor Amanda Egolf (08) and the advising of Professor Deborah Saitta-Ringger, the staff set to work on that goal. In doing so, it has been an exciting privilege to get an up close and personal look at the many sides and faces of ENC's campus. Nautilus' aspirations for the future include continually improving the yearbook as a yearly time capsule that accurately depicts who ENC is and preserves its best memories.

The History Club is run by Professor Lovett and, of course, history majors who organize social events, trips for presenting papers and travel courses. The club had another full year this year with several parties, movie nights and a softball game. They also helped finance a trip to a history conference at West Point. Though it is run by history majors and professors, the History Club is not exclusively for history majors. According to History Club member Kevin Uscinsky (07), students of all majors are welcome to take advantage of the events and opportunities the History Club offers. "We put on a lot of great events that everyone would really enjoy," he says, and hopes for the future that more students will be excited about participating.

Business Society

Not all knowledge is obtained within the classroom and the Business Society is one of many clubs that acts upon this insight. They seek to provide students with vauable prepatory experience outside of the classroom. This past year, they helped run the Warren Business Forum and held workshops and business department study parties in addition to hosting several speakers who came to talk to students about life after college. "Nothing can replace the wisdom of those who have gone before us," says former president Amy Dolinger (07). Leaders of the Business Society would like to explore the possibility of becoming an Honors Society equipped for providing students with financial aid. Students would also like to develop an annual business/missions trip as a long term goal.

Student Association of Social Workers

(Above) Several social work majors enjoy a time of relaxation and fellowship at the home of social work professor Stacey Barker.

The Student Association of Social Workers (SASW) is committed to serving the community and raising awarness of social work as a profession here on campus. They have worked closely with Friend of the Homeless and with families in the Germantown area. They filled this year with various service projects including a campus-wide drive to provide low-income families in the Germantown area with Christmas gifts. Also, as usual, March was Social Work Awarness Month when they made the campus aware of the value of social work as a profession, where social work seniors were serving for their practicums and the good they have done for the community. In doing so, SASW hopes to inspire other students to not only consider the profession of social work, but to also consider the various ways and places in which they can serve their community in accordance with, or regardless of, their own profession.

Shrader Club

Even "Shrader rats" need to escape Shrader once in a while and Shrader Club is a means for them to do so. This club is a community for science majors to come together to socialize and support one another as friends. This past year, they organized a hike through the White Mountains in October, held a pizza party and a Chirstmas oary at Doc McClaren's house, organized the annual whale-watch and Biology Banquet in April and finally a "chocolate covered stuff" event. Shrader Club President Jennie Pietra (07) says that being involved has given her the opportunity to get to know other science majors and offer them the lessons that God has taught her over the years in hopes that they will benefit. The club hopes to continue to provide a strong support system for science majors and to work closer with the alumni of the department.

Physics and Engineering Club

The Physics and Engineering Club brings phyics and engineering majors together into a community and also organizes opporunities for the rest of the student body to experience and enjoy physics. They held several movie and game nights throughout the year, held trips to the science museum and sponsored a variety of lectures on topics such as web design and the software business. They made their annual appearance at the Street Fair during Homecoming Week and their traditional Egg Drop competition in the spring was another huge success. Anticipating another full, informative and enjoyable schedule like this one for next year, PEC hopes to see an increase in student involvment from the science department as well as the rest of the student body.

Oasis

Oasis is a place of refreshment for all of ENC's ministry leaders. It is where these leaders come together to pray for one another, for this institution and to share ministrial concerns, successes and ideas. Several of this year's leaders took on ambitious projects, which included SSJ's "My HeART is Beeping," Invisible Children Benefit in April and the Broken Bread Meal put on by STAND in March. This year's Student Ministries Director Tenny Doane (08) held Oasis meetings once a month faithfully. He considers Oasis a time set aside specifically for him to be a resource for all the ministry leaders as well as a time for them to encourage and lean on each other. In the future, Oasis hopes to be more of a nurturing ground for team building and deeper relationships among ministry leaders.

Prayer Warriors

If His people pray, He promises to listen and act. ENC's Prayer Warriors met regularly during Monday Chapel Break this year to pray for the needs of the community and each other. This year they held a prayer walk during which they bathed the community and concerns of the school in prayer as they walked around and throughout the campus.

Prayer Warriors is Meghan Woodward (07) and Erin Crosby (08).

Committed participants from ths year sincerely desire for others to join them so that this vital ministry may continue. They aspire for greater unity and deeper relationships among students through prayer and hope to offer more activities with the ability to involve more people in prayer.

Prayer Warriors Meghan Woodward (07) and Erin Crosby (08) share half an hour of prayer together in Angell Chapel where the group met regularly during Monday chapel break thoughout the year.

JUMP

JUMP ministers to ENC and the surrounding community through the art of drama. They conducted two Church services in the area this year as well as performed in Chapel and at Nazarene Bible Quizzing tournaments. Leader Preston Graveline (09) calls this a particularly Christ-driven group in that none of the members are concerned with the spotlight as much as they are about the ministry, which, he says, makes the experience even better. "Drama is an extremely powerful tool for ministry because it is so active and engaging," says Preston. With that, JUMP aspires to expand its ministry to areas where not everyone is used to such a ministry and less people know Christ.

JUMP members plan on moving upward and onward from this point on!

Women of Grace

As women of Christ, Women of Grace is a group called to minister to women by promoting a healthy view of self. In it's first full year in operation they held an event called "Women in Prison" during which they viewed a documentary written by playwright and activist Eve Ensler that provides a window into the lives of women in Bedford Hills Correctional Facility. One of the members also conducted a photo shoot to promote a healthy self image and created a fitness program. In the immediate future, the group plans to explore gender roles for next year, yet this is quite flexible since the group is very much shaped by those involved, according to leader Genevieve Rivera (07). Women of Grace ultimately aspires to continue to encourage women's empowerment issues in the Church, workplace, school and daily life.

(Above) The Women of Grace cut loose for the camera after watching Kate and Genevieve graduate. Congrats, ladies!

Students for Social Justice

In only its second year, Students for Social Justice (SSJ) has built exceptional momentum on campus for awareness and action on behalf of social justice causes. This past year, SSJ held a Hunger Banquet in October to visually demonstrate global economic disparities. Also, in April, they held a viewing of the Invisible Children Documentary and a community art benefit entilied "My HeART is Beeping" for the Invisible Children campaign. SSJ aspires to truly inspire others to take social justice issues to heart and to give of their gifts and talents toward solving issues of injustice.

Barnabus

Named after the patron saint of encouragement, Barnabus seeks to creatively uplift the campus community through encouraging notes and small gifts. During fall semester, they put together and personally delivered harvest baskets of candy for each faculty department. Eighty students received encouraging notes after their friends had dropped their name into the encouragment box that Barnabus had set in the Student Center during Encouragement Week and at weekly meetings members create cards for various faculty members. Barnabus aspires to truly exemplify the love of Christ by fully understanding who Barnabus is and continue to lift the spirits of ENC's student body and faculty.

Rachel Webber (07) has successfully chosen her colors for a card she plans to make for one of her professors.

Open Hand Open Heart embodies the simplicity of ministry. Each Saturday morning and evening a group of students make their way into Boston with sandwiches, juice, and large bins of clothing for the homeless who dwell in the Commons. Leader Josh Burley (09) claims that the ministry enables people to spend time with others whom they would not normally spend time with and, therefore, helps to foster a different outlook on everyone. "You develop a real sense of compassion for others," he says. "It's very maturing in that way." Open Hand Open Heart aspires to acquire better means of carrying the supplies into Boston so that they may be able to bring more with them.

STAND

STAND (Students Tackling AIDS kNeeling Down) exists to represent God's love in the face of HIV/AIDS through prayer, awareness and service. After resting for the fall, STAND returned in the spring with the Broken Bread Meal, a World Vision sponsored event designed to enable college students to identifty more intimately with those living in AIDS and poverty stricken situations. In conjunction, they held the Orange T-Shirt campaign, also sponsored by World Vision, in which 1 out of 20 students on campus wear orange t-shirts with the word "orphan" written across the front representing the 1 out of 20 children in Africa that are orphaned by AIDS. To help put a face on such big numbers, STAND aspires to work closer with local AIDS organizations

The Brigade

Also in its maiden year, the newly-formed Brigade desires to provide students with access to Christian music concerts by offering transportation to and from concerts in New England and by bringing Christian artists to ENC. They drove to several concerts across New England this year, including a Skillet concert during which the driver lost his van license for speeding out of sheer eagerness and excitement. Hey, it was Skillet! The Brigade aspires to expand its access to Christian music concerts beyond ENC to the surrounding community as well as bring more bands to ENC.

The Brigade is Justin Pearl (09), Erin Prendergast (09), Ben Thompson (09), Davey Edmonds (08), Magon Parent (09), Erica McGrath (09), Hannah Ford (09), Jennifer Harris (10), Shawn Cola (09) and advisor Matt Thomas.

ENC Ski Team

Though ENC has always been home to lots of skiers, the formulation of the ENC Ski Team has enabled these students to officially represent ENC on the slopes. In only its infant year, the ENC Ski Team is already showing its comptetive edge in that the majority of participants placed in the top half of every race they entered in the McBrian Division Ski League. Every weekend during J-term the team traveled to New Hampshire and Vermont to compete in Slalom and Giant Slalom races. Team coach Jack Sahlman (09) frequently placed in the top ten and won a gold medal at an invitational race in Utah over Spring Break. The team would like to personally thank SGA (Student Government Association) for their funding and aspires to continue to compete, improve their skiing, gain race experience, become more competitive, and enjoy themselves while doing it.

Jack Sahlman (09) represents his team for whom he competes and coaches.

Members of the Ski Team include Phillip Oliver (09), Jack Sahlman (09), Ashley Toye (09), and Ryan Calhoun (08).

Gospel Choir

The entire Gospel Choir performs an upbeat number on stage during their November concert in Wollaston Chapel.

(Above) Brook Bartlett (08) delivers a moving solo during Gospel Choir's annual November performance.

Gospel Choir's ultimate purpose, they believe, is to come together as fellow worshipers of God to serve the community in song and praise. This year they completed their annual tour to Maryland and also performed for the local YMCA and in Germantown. In both locations, they spent time with the kids and offered their services. They also traveled on a tour to New York and sponsored a toiletry collection for the homeless of Boston. According to Anna Masters (09), Gospel Choir aspires to become more of a community within itself as they reach out to the surrounding community. "Rather than being just singers, we want to form better relationships with each other through Christ," she says. In doing so, they believe, they will be more effective ministers.

Choral Union begins their first number with the full orchestra during their annual performance of Handle's Messiah in Wollaston Chapel in December.

Choral Union

Choral Union receives and delivers exposure to various types of classical music. It provides opportunities for students, faculty, staff and members of the community to perform and/or learn more about such types of music. They traditionally perform a fall and spring concert. This year, these performances consisted of Handel's Messiah and Honegger's King David. Singer Sarah Troxler (09) explains that Choral Union's aspiration is "to formulate a well-rounded group of students by implimenting singing and teaching styles in their future carreers as professional musicians."

A Cappella/ Chambers

A Cappella and Chamber Singers are open to all students who desire to use their voices to minister to others through music. Traveling a bit and becoming a better singer, of course, are added bonuses. This year, these two groups followed their usual Cape Tour down to Dennis Church of the Nazarene, continued with their traditional fall, winter and spring tours and finally finished with their culminating performance at Jordan Hall in April. In addition, the Chamber Singers participated in the annual Madrigal Feast in the fall, a traditional Renaissance banquet that fundraises for local food banks. With all of that, these talented singers performed their regular holiday and spring concerts here on campus that audience members say are a treat to attend. Members of A Cappella and Chambers are hopeful that more students will come out for performances and, perhaps, desire to join them in this ministry.

The Symphonic Winds and 4 O'Clock Jazz Band is the embodiment-in-action of our student body and surrounding community joining forces to produce something fantastic. This group is comprised of musicians from ENC and the community who share a passion for their craft and desire to learn from one another. There is also class credit for ENC participants. The group performed their regular holiday and spring concerts as well as the music for the Commencement Ceremony in May. For the near future, the Winds and the Jazz Band hope to grow with greater student participation and also engage in more community outreach.

Guitar Ensemble

Director Mark Leighton, Brandon Pillsbury (10) and Shawn Flint (09) concentrate on an intricate number at their December concert in the Colonel's Coffee House.

Roughly seven years in the making and still young, Guitar Ensemble director Mark Leighton says that this year's group is the best he has had the privilege of working with thus far. Besides being the largest group, he describes the players as having lots of momentum, an enjoyable sound and a love for being together. The group gave a number of performances this fall semester, including the annual Madrigal Feast down on the Cape in November, which raises money for local food banks, their annual Holiday performances in Cove Auditorium in December, and a performance in the Colonel's Coffee House, also in December, and just as many if not more performances in the spring. They aspire to continue their enjoyment of playing together as well as learning how to play for an audience.

Flute Ensemble

The Flute Ensemble offers an outlet for flute players to come together to express their talents and challenge one another musically. This past December, the ensemble gave Christmas performances on campus and at South Weymouth Church of the Nazarene as well as a recital in the Spring. Their aspiration as a group is to continue to practice challenging pieces and consistently improve their playing abilities. They would also like to see the group expand in number as well as talent and offer a greater number of performances to the community.

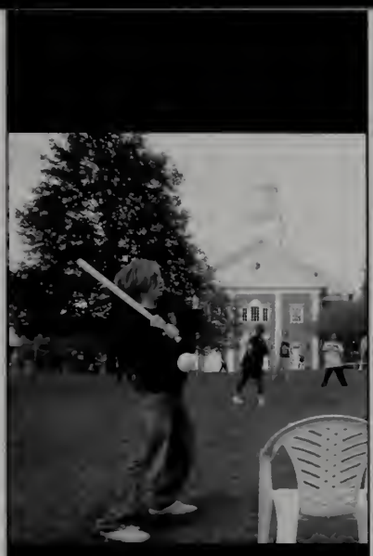
Events and Fun

Social Life at ENC

Every semester at ENC, students are given the chance to participate in tons of social life events around campus. Whether you enjoy watching your friends or professors take part in game show events, such as Family Feud, or you like to show off your batting skills to the campus during recreational events like the Wiffleball Tournament, or you just want to dance to good music at an event like The Spot, ENC's Social Life Events have you covered.

In this section, the events from the 2006-2007 school year will be revisited. From Flag Football to Lip Sync to Cinderella, we invite you to reminisce over the past school year. Relive Intramural championships, Battle of the Band experiences, Jason Tower's half court shot, and Nathaniel Sager's creepy Halloween costume. Enjoy!



Ninja Ball

One of the most highly anticipated Recreational Life events of the year, Ninja Ball was put on by the Sophomore class (09) and proved to a favorite event of the fall semester. Luke Dodge, Pat Lane, Lindell Pascall, and Phil Nase, all members of the council, took on the duties of referees for the event. Some of them chose to double as players and take a shot at winning the grand prize themselves, but sadly were unable to take home victory.

Ninja ball is a game that pits two teams with six players against each other. The rules were basically the same as dodgeball, except the main objective of the game was not to eliminate all the players on the opposing team (although this proves to be very helpful), but to knock-over a small cone placed behind the other team, while defending your own cone.

Ninja Ball was an exciting and packed event, and it ended up lasting around three hours!

Midnight Madness

After a school year that sadly did not include Midnight Madness, ENC once again hosted Midnight Madness in the gym.

Designed to get students better aquainted with the men's and women's basketball teams, Midnight Madness is a fun event filled with basketball-based games, food, and music, that help everyone get pumped up for the Crusaders' new basketball season!

Students were welcomed with free T-shirts and raffle tickets and were invited to eat popcorn and candy, drink soda, and enjoy the games.

Ticket numbers were called out during the night to give students a chance to play various games for prizes.

When they weren't watching or participating in games, they were being introduced to this year's basketball lineups, and watching the basketball players compete with each other in contests such as the slam dunk.

The night ended with a half court shot, in which Jason Tower (08) made the climatic, scholarship winning shot after many participants were turned away after missing.

Battle of the Bands

Battle of the Bands was held during November and allowed six bands to face off in an epic battle to see who was the best band at ENC.

The hosts, Trevor Oates (09) and Aaron Hagerman (10), provided the audience with entertainment between the bands, whether by pranking each other, telling jokes, or having large crowd members try on children's tee shirts.

As for the bands: they rocked faces off. From the schreeching guitars of Salem City Lights, to the folk rendition of "Hey Ya" by Matt Leblanc (08), Genevieve Rivera (07), and Sarah Troxler (09), the bands impressed the audience with non-stop fun and great music.

The Theater Department's Fall Musical:

Cinderella

Cinderella brought adventure, romance, and a miraculous kingdom to the Cove Stage. As the timeless fairy tale unfolded, a pumpkin turned into a golden coach, mice turned into horses, a dove became a footman, and a famously shabby maid saw her wildest dreams come true.

A favorite fairy tale in almost every culture, the story of Cinderella received a breath of fresh air under the control of award-winning professional guest artists Leslie Woodies, director and choreographer, and Jose Delgado, music director.

The Miracle Worker

During Spring semester of 2007 Marvelyn McFarlane (07), Lori Soares (08), and Dana Haun (07) lead a talented cast of actors in ENC's performance of *The Miracle Worker*, which quite possibly could have been ENC's best stage production in recent years.

Also in the play were alum Dan Messier, Preston Graveline (09), Paul Sapp (09), and Sarah Good (09), along with some very impressive actors and actresses from off campus.

The Miracle Worker is the story of Hellen Keller's childhood and her struggle to learn to communicate with her loved ones after tragically becoming deaf and blind from an illness.

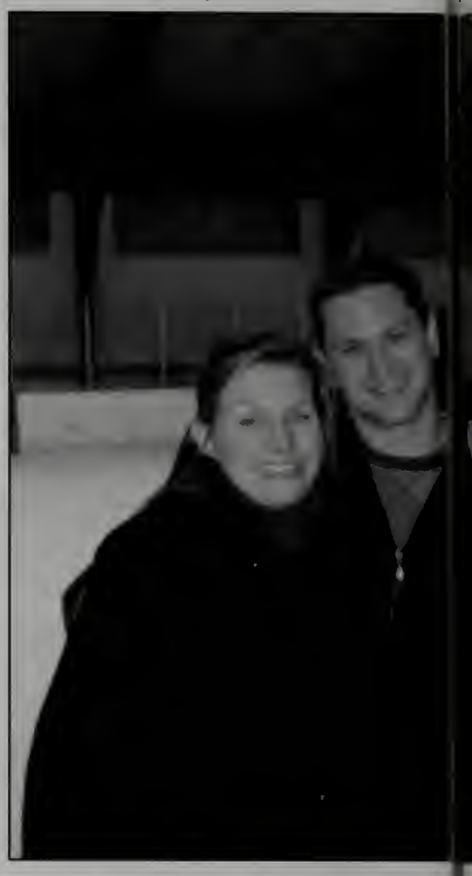
J-Term Basketball

As competitve as any of the varisty seasons, J-Term basketball brightens up the dismal winter period and always attracts an enthusiastic crowd.

Ice Skating



Early in the Spring Semester, the Senior Class Council sponsored an incredibly fun event that brought lots of people together-- and down together as well. Students were given the chance to go ice skating at the local skating rink, and it resulted in tons of fun with some slips and falls mixed in. The reason for all the falls was the large amount of ENC students from south of the Mason-Dixon line in attendance. Justin Coffee, Samuel Mohnkern, Daniel Brooks, and Davey Edmonds were just a handful of the southerners slipping, sliding, and embarrassing themselves along the ice. In all honesty though, they really weren't that bad!

The Other Shore

The Other Shore, by the first Chinese Nobel Laureate for Literature Gao Zingjian, is an intercultural play mixing elements of western theatre of the absurd with Chinese theatrical traditions. This production included movement, dance, and costuming with an Asian influence. It depicted a man's journey crossing the river of life in search of enlightenment. Along the way he encountered real and imagined characters, never knowing what he may actually find on "the other shore." His journey, told through a series of stories, explored the nature of human society and the constantly shifting relationship between leaders and followers. Other important themes included individualism, conformity, suffering and freedom.

Indoor Soccer

During the Spring '07 semester, students were given the chance to put together small soccer teams to compete in annual indoor soccer. Indoor soccer drew large crowds to watch the teams play each other during the week.

Surprisingly, the winning team (pictured right), along with many other teams competing, was not full of the usual varsity soccer players. Indoor soccer was able to draw players that were biology, physics, math, music, and history majors by day, and fierce soccer players by night. Who knew?

Easter Egg Hunt!!!

ENC's annual Easter Egg Hunt came again this year with more fun, more people, and more prizes. Students were engaged in a campus wide search for Easter eggs hidden literally everywhere.

While some were filled with candies, others had numbers written in them that corresponded with many different prizes. Among the prizes were a television, an Ipod Shuffle, Dunkin Donuts gift cards, and a large selection of movies.

All of the expensive prizes were won fairly quickly, but many DVDs and some gift cards were never claimed. Maybe students were too preoccupied with the awesome candy to think about picking up their prizes. Next ENC event: The Annual After Easter Egg Hunt Dentist Visit!

Spring Fling

Rain could not stop 2007's Spring Fling event, which went on as scheduled in the Lahue Gym. The day was filled with grilled food, fun prizes, loud music, an aired Red Sox game, and, of course, many awesome inflatable games.

Whether people were racing through the obstacle course, playing human fooseball, dodgeball, or racing on the bungee run, they were all having fun. From the laughter of a young child bouncing around on the inflatable toys, to the shine reflected off Robert Benjamin's head-- er, smile-- it was apparent that people of all ages were enjoying themselves.

The Junior/ Senior Banquet

May 4, 2007

After a school year full of money making schemes, the junior class raised enough to put on the Junior/Senior Banquet at the Sheraton Commander in Cambridge. Designed to be a fun way to honor the graduating senior class, the event was hosted by the often hilarious Vern Wesley and Jamaica Love. Students enjoyed amazing food, a beautiful and wonderfully decorated ballroom, and non-stop karaoke fun!

Angela Richardson (08) walked away with $100 cash after being named the winner of the karaoke contest. She narrowly beat the very romantic love song duet, *I've Got You Babe*, performed by Vern Wesley and Dr. Tim Wooster.

Senior superlative winners were then announced and awards were given out to the winners. The night ended with a moving slide show tribute to the senior class made by Pablo Galvez (07). It included pictures and short videos such as "Corbin's Confessions," where senior Joshua Corbin declared his love for chapel.

Dear Dan,

We are so proud of you. You have worked hard and have honored God in all that you do. From the day you were born, we have spoken the scriptures in the Book of Daniel over you, and in our prayers for you. God has blessed you abundantly with "knowledge and skill in all learning and wisdom…" Use His gifts wisely in the special plans He has for you.

We love you very much,

Mom and Dad

Congratulations Marvelous Marvelyn!

By God...you did it, you did it!

we knew you could!

Thank you Jesus !!

Melody

Congratulations to our beautiful, multi-talented, gifted daughter - you are indeed one of "God's own masterpieces, His 'poiema,' recreated in Christ Jesus to do that marvelous work which God beforehand has planned out for you" (Eph. 2:10). You have given us so much joy and we are proud of you. We look so forward to the days ahead as the artist within you continues to blossom and wonderfully touch the lives of many, love always, Mom & Dad

Jeffrey J. Hamilton, Jr.

(a.k.a – Ian)

Jeffrey,

As I began to think about your graduation, my mind was flooded with so many memories. Like any Mom, I started to look through my pictures of your life. My heart was full of love as I remembered watching you grow into the person you are now. It was fun to remember your sporting accomplishments like your soccer championship when you were only six, and then your baseball championship – you were so proud of that jacket; and then came your favorite – track. I think my favorite pictures are the ones of your scouting days. You loved to be outdoors and that still carries through today. To go from Webelo Scout to Eagle Scout is some accomplishment! Those years taught you so much and helped you grow. When I think back I am thankful how God put the right people in your life to teach you – from your coaches to your scoutmasters.

From the moment you were born your gentle spirit was evident. Then as you grew, your strength and leadership qualities also became evident. They were not only recognized by me, but by your teachers, coaches, scout leaders, Sunday school teachers and pastors and even your peers. You have overcome many obstacles to reach this point in time. The one thing that comforts me is knowing that you came to know the Lord early in your life. As long as your personal relationship with God remains the most important thing to you, I know you will be alright. I will continue to pray, as I always have, that you continually seek God's will for your life. I am looking forward to seeing what God has in store for you.

Remember, the answer to any question, or the guidance to any decision in your life, can be found in one place – the Word of God.

Congratulations on your graduation! I love you and am very proud of you!

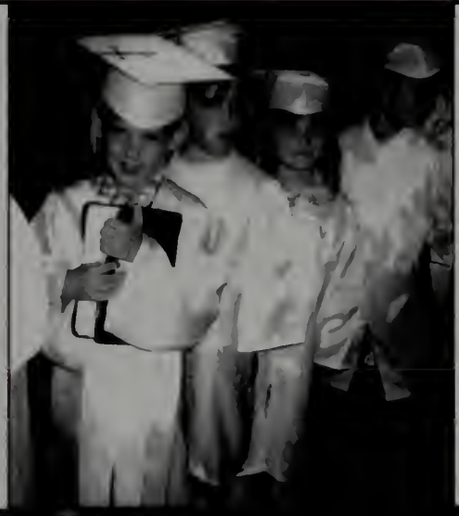
Phil. 4:13 –
"I can do all things through Christ who strengthens me."



Phil. 4:13 has been your life verse since Feb. 2002. You have accomplished every goal you have set. We are so very thankful for you, our miracle boy. And we couldn't be more proud of you, your testimony, your unwavering faith, work ethic, and determination. You are a blessing to us and to so many others. Stay the course (2 Tim. 4:7).

God bless you and Meg always.

We love you!
Mom, Dad, and Jo
